### **Learn How We Can Keep Debs Park Safe and Beautiful!!!**

You have probably heard that this is one of the driest years on record. The devastating fire in Griffith Park demonstrates the level of risk to our local wildlands.

Please attend a community education program on fire prevention and safety hosted by the Audubon Center at Debs Park. Participants will learn important information from the Fire Department about the level of risk, fire prevention and how to respond in case of fire. Park Rangers and other city agencies will be on hand to discuss related public safety issues.

There will be an opportunity to meet city public safety officials and time for questions and answers; refreshments will be provided. The Fire Department will have one of their fire safety vehicles for viewing in our parking lot.
